ELECTRIC POWER SUPPLY

Order form for electric power supply and renting price list for light fittings incl. installation terms.

Time of delivery: one day before the exhibition at 14:00 o'clock at latest.

Lights are ordered by using the Jyväskylä Fair Ltd rental furniture order form.

The exhibitor undertakes to pay for all rental fittings lost or damaged for their full value.

More information: tekniikka@paviljonki.fi

ORDER FOR ELECTRIC POWER SUPPLY:

We hereby order:	pcs	á EUR	*á EUR (2)	Total
Light output up to 1 x 6 A, including 1-part socket + installation		86	112

Power output up to 3 x 16 A, including power socket + installation		217	282	
Power output up to 3 x 25 A, including power socket + installation		267	347	
Power output up to 3 x 63 A, including power socket + installation		335	436	
Power output up to 3 x 125 A, including power socket + installation		717	932	
Required power kW for lighting kW for equipment				

* In case the electrification information on the stand is not available 14 days before the exhibition or the stand is located outdoors, price 2 will be used. VAT 24% will be added to the prices.

Night electricity

The electricity will be cut off for the night for fire safety. It is possible to order night electricity for light output (i.e. computers, refrigerators) but you need to mention this in your electricity order.

Additional cost of night electricity is 30 € + VAT 24% / light output.

You need to make an agreement with Sähköveijarit Oy in order to get night electricity for power output.

We want to order night electricity to our stand:	pcs	á EUR	Total
Night electricity light output 1x6 A		30	
Night electricity light output 1x16 A		30	

RENTING PRICE LIST FOR LIGHT FITTINGS AND BUSBAR TRUNKINGS

Fittings rented by Sähköveijarit Oy

Sähköveijarit Oy is responsible for electrical installations of the area and stands, the exhibitor is responsible for its own equipment. The prices include the electrification and the inspection fee. If accessories and installations not listed above are used, Sähköveijarit Oy will charge for installations on the basis of its own charging recommendations.
